## **Schedule of HMO Licence Conditions**

**The Licence Holder (and/or Person Having Control and/or Responsible Manager) must take steps to ensure that the property, fittings and furniture, including fire precautions and gas and electrical installations, are maintained throughout the period of the licence to the standard listed below:**

- 1) If gas is supplied to the house, to produce to the Authority for their inspection a gas certificate obtained in respect of the house within the last 12 months, within 7 days of receiving a request in writing from the Authority. The inspection must be carried out annually by a Gas Safe-registered engineer, and the certificate should be retained for at least two years following its issue. The safety of the gas installation and appliances must be constantly maintained.**
- 2) To keep electrical appliances and furniture made available by the Licence Holder (and/or Person Having Control and/or Responsible Manager) in the house in a safe condition.**
- 3) To supply the Authority, on demand, with a declaration by the licence holder as to the safety of the appliances and furniture detailed in condition 2. All soft furnishings and furniture supplied by the Licence Holder (and/or Person Having Control and/or Responsible Manager), to tenants must comply with the Furniture and Furnishing Fire (Safety) Regulations 1988 (as amended).**
- 4) To supply the Authority with a certificate of safety for the electrical installations, provided by a competent electrical engineer in accordance with “Guidance Note 3 for Test and Inspection Reports” produced by the Institute of Electrical Engineers, within 28 days of receiving a request in writing from the Authority. The Council will accept a certificate obtained within the last 5 years.**
- 5) To supply the Authority with an Energy Performance Certificate**
- 6) Competent person to do regular visual inspections of provided portable electrical appliances, at least every six months. Damaged or faulty equipment must be renewed or repaired and tested before re-use. A suitably trained competent person must carry out a Portable Electrical Appliance Test (PAT) on each provided appliance every six months or longer as determined by the risk assessment. The Licence Holder (and/or Person Having Control and/or Responsible Manager) must keep a written record of checks and faults and PAT certificates. Evidence of record of checks to be provided within 28 days of receiving a request in writing from the Authority.**
- 7) Fire alarm systems must be installed and maintained in accordance with the British Standard. The Licence Holder (and/or Person Having Control and/or Responsible Manager) must provide to the Authority, within 28 days of receiving a request in writing from the Authority, a commissioning or annual inspection certificate in accordance with BS 5839 Part 6, issued by a competent electrician.**
- 8) Emergency lighting systems, where fitted, should be maintained in accordance with British Standard 5266 Part 1 2005. The Licence Holder (and/or Person Having Control and/or Responsible Manager) must provide, within 28 days of receiving a request in writing from the Authority, a**

commissioning or annual inspection certificate provided by a competent electrician.
